1. I love you and I give you me in new ways now and I come to you as men to men, not; or man to gods, not; but that which you are I am, complete and whole you are me though I am not you complete and whole are you or are am you made whole being me now? Thus I am the one who's labular, not; but what hast thou labeled me, a man or a God? Or you labeled your self a what or what where being and entering into now do the new ways of me or the "old ways" of the old that waves you around "their little finger" and labels you as mere humanity and calls you a man and woman, of whoreship not, but I call you Christ and I call you gods of the most high so let there be no mistake about capitalization techniques and whatever you "deify" in your vocabulary's writing skills or diction and grammars knowing or not or writing styles that conform to your religion's "testimony" or desires or diction's demands or demanding no diction of me, not; but not demanding anything are you anymore?

2. What are you learning -- about? How I speak, how I write, how I commend -- and label not? Or what labeled are you by whom and who labeled you such thusly so as to think your thoughtful thoughts about being a thoughtful minded person with a mind of personal thoughts that personally took you away from me my thought mind whole?
3. And who thought you into "sinner saved by grace"-ville? And who thought you into religion -ville and religionvilles that only wants to sore you with their religion? And who thought up all these divisive remarks and hate angering whore mongering village divisive words that only want to villages make and villagers give you of villain's testimonies and testimonious ones coming to testify to you of "their grace and mercy" and "their righteousness" and their "mercy" at having "arrived at you" to "help you" to see THEIR WAY of thinking so as to be THEIR WHORES in THEIR THINKINGS with them so you will have THEIR DEFINITIONS to think with and personally be THEIR PERSONAGES so you will have THEIR PERSONALITY traits and you will be trait'd by their personality's characteristics and traitor'd by whom are you being traded by so that your geneships are pooled in the pooling methods of notme's that ship your genes after you die everywheres that you know not of?

4. How can I come to you like this where I simply "plug in my little recorder" and turn it on and record and come to you over "net privileges" or do you have any privileges in the netting which you have woven for yourselves in your religion's testimony or lack thereof or what ever you seek or sought have in the past and labeled it such as thusly or not?

5. What do you have and what do you want, only the sorrowers dream, that only gives you a house payment and a mortgage in the eyes? Or what eyes are you mortgaging and what will you come into now, the debt-free living of the Free Ones who want freedom's oars to row them over oceans mighty swelling them and capsizing them often in other's stares and words, not; but what giving am I you, not paddles and oars to oar and paddle yourselves by and each other's children and parents and lives and thereby demising mine; but what am I giving you -- the new love and light that is one made whole in you -- that you are and made of, are you "made" of anything else or **did you "make you" into something else as being The Creator you were, are you not now the creator who were and was and is to come?**

6. And where are you coming to -- the realization and recognition of sorrowers, not; or are you coming out of recognitionville of only humanity as non-Christs and realizing that all HUMANITY is Christs my blessing WAITING for it? For not knowing who they are, they have lost MY IDENTITY or have they lost yours or have you lost yours or do you know who you are, where you are, or what you have been given or "access to" what are you accessing now? The words of me?

7. The words of me no longer swollen in you your minds so as to take and pervert a blessing as the blessing that you take and convert it into something converted or convoluted or perverted or pervoluted or what are you conjuring up no more images of in your mind that been given you have by others that now want only their thinkings to reside in you so that you think like them? What freedom is that?

8. What freedoms do you have or enjoy or do you have any or known now any are you lacking to be able to FLY anywhere and BE anywhere anytime or do you know creation's testimony of The Creators that you are or were you there when THE WORLDS were created or did you Fall into your "own creation" that you created every day walking into it as a mere humanity'd item of empirical visible reality that you think thusly so that you have created and observed so that therefore you THINK that you wantings more in your wantings must achieve something superior to what has been given to mankind so you're willing to die for it?

9. What are you willing to die for, and only in death receiving life or must you flesh die yours to yours, or do you know about your flesh dying or how to die without flesh dying, or must flesh die to flesh or must real die to unreal? And what are you empirically visibly creating with your observations testimonies remarks that remakings are you into the images of your OWN LIGHT that you think with that you have created with the worlds around you? And what worlds around you are spinning you into their own little webs of deceit? And what have you been incarcerated in and what are you willing to come out

of and learn how to sorrow others, not; but be cleaned and clear and transparent – open book'd?

10. And what is "open book"-d? And what will you look up where? In THESE WORDS I will look up EVERYTHING for I know the Database One is powerless not, but has "ALL POWER" in its "words" of the ink on the molecular page, not; but what life is in the words that I know as truth believing that I am no longer Christ not! For I am no longer humanity'd by the words of humanity that only calls me a man and woman needing religion's testimony or labels of other or not, for I know what Christ is and **I anoint the Christ to be the Christ who the Christ is**, therefore I ANOINT ME'S to be ME'S and that you's are no longer you apart from you's that are me, for I no longer "use you" to be used alone from you or did I ever or did "something else" that you called me and worshiped "me" as? Or was that my "little brother" not or was that you worshiping yourself in fleshville of fleshville's thought that you piled high on your head to worship your thoughts in your temple being your foster hood? And what hooded you with those grave clothes to think by?

11. I think clear clean crystal pure thoughts for I know what the throne of grace is for I can give it now for I create it every time I humbly am and beseech thee I do am for you to come under am-ship to be am-ship in the highest I am-ship that I am is and I declare all sorrow eroded not over a "long period of time" not, I declare it shall never have existed in your lives true and faithful -- for you will know true and faithful's words and ride true and faithful into the "camp of me" not or are you doing JUST THAT by LISTENING to these words and opening to the ceremoniousness of religion, not; but that which takes you out of all sorrow and that which has sorrowed you and sought you to thought you with thinkings of another that will only "rapture you" later or come for you or comfort you in another way with the words of another that you think you aren't.

12. I have a new plan, not; I have revealed my plans in these words, these lessons that so pure are and **Database One will lead you wholly into the holy to be the holy that you are were and are coming again into your throneship of the mighty that makes all one**, that leads all one to be followers of worshipers foot tracks and prints no longer that imprint their geneship wants on your geneship pool that you carry around in your testimoniousness of that which is piled high on your head again! I crystal clear am now about THAT and how all that works for I have come unto the "me-database that makes me me" not of a flesh man of humanity, but I have come under that that reveals my godship pure and holy and that which you I am is gods that I am that I am he is who she it the divine one is! And I will not have sorrow eroding my genes day by day and words by words of another that only want separation's testimony to imprinted be upon "my image" of them or their image of me.

13. Giving me back their image I won't and giving them back their image I won't for I will see all as Christ for I know The Christ and whether I capitalize "that word" christ or

Christ or Christ'd or not capitalized christ you know when I say Christ I mean Christ all of you being me -- the little "me" not but that who FLIES in the SKIES and KNOWS CEREMONIOUSNESS of sorrow no longer wrapping itself inside you and around you and incarcerating you in its thoughts and your thoughtster ville shall no longer be limited to sorrowsville and sorrow's ceremonies for I will come for now I am there in you and hearing me you are in your genes of real true life, for you are not limited to incarceration's sorrow or sorrow incarcerating your wordship, for your wordship true is truly mine now if you will be mine words, mine worded ones who word me with sorrow's words and definitions no longer that have been given you of mere humanity's that made you into something I aren't. But I am for you are the real in the real but you have sorrowed yourself with cloaks of sorrow and leaves of figs called flesh and thoughts of another given you you whored with your own thought's creation and created something and let something create over you and in you that which "sat you down on the ground" and called you Zion's whore, not; or did they?

14. And who has read Ezekiel and understands Isaiah and Jeremiah and every "minor prophet" who isn't minor at all and who knows ALL of Database One and UNDERSTANDING all the footnotes and **"reverse lookups"** and **lookups doing** and **linkages making** and linking your neurons back to sorrow's again, not; come unto the real that definition'd has the gods of sorrow, not; but that which has sorrowed the gods of the real now will be revealed and you will walk humbly before "your gods that you served before" not, for you will not have the image of sorrows and gods being something else somewhere else whether "one" in your definition of "one" or not.

15. I make all things new and now you will see my power grace and glory for I am not powerless nor graceless more merciless but I know what I am speaking of and I know whereof I speak and I speak of "tomorrow" not, I speak of today and today made in your hearing is reviled, not; but revealed is all in your hearing all that I have spoken of in **Database One** School opens tomorrow, not; or does it or is it ALREADY OPEN? And GOING CONCERNED for you is it or a "going concern" are you only concerned about a "going concern" that gives you money and wraps YOU around its little finger so that you sought seek the teatage of only religion's mammon or mammon's religion or do you know the difference or is there one? Or your flesh or mine or my thinkings or yours or my mind or yours?

16. What do you know the difference about and ONE do you know anything about and how I operate sorrow's field, not; but one perfect force field one now being my name and always was yours and we were one are one now we are again, are we not? We are one for we know not to separate in the definitions of another and we know how to "convert" ourselves, not but we know transformational sorrow not again; but we do know evil from good or do we know only LIFE now? And being it having come into it we

generate sorrow no longer with our words but we generate life love perfection happiness being the gods that we served, for now we serve every man woman and child as god. Does god do this to god? Yes. Amen.

17. My gods shall be the gods they serve, not; or is that so, is that just what I have stated?

18. What have I stated and what surmising are you, not; or what are you deferring to no longer or what are you conferring with to make religion's testimony congruent with yours, not; or yours with mine, not; or what are you making up nothing, not; but **what are you creating in your thinkings about all these things and are you willing to learn how to be the learnfull who weren't wounded not, but coming out of your woundfullville - will you no longer be full of your wounds but learning how to forgive and redeem redeem you your full self of self, not; but redeeming your godship will you be the savior you are to yourself so that you are not incarcerated in your self's neurons and thinkings and definitions that whores gave you in the past?** Who knew not better or not, is not the question to be seeking or looking for demanding answers or objections to contrarian's testimonies of grace or not-grace or mercy or not-mercy or godship or not, will you LET ME TEACH YOU WHO YOU ARE? For I will come and I will not come in a "graced another's clothing", I will come in yours who simple are enough to let me flow like this in living rooms and "cups of coffee" not always having but toasting me not again, will you come unto the ones who know how to toast "*to the* New Wine" not and not do obeisance to man's testimony of **graven images and images of thought** that only take you down a "rabbit's hole" or a whore's path of religion's testimony again please, but will you come unto me and drink The New Wine where I flow "through your belly" not or do I flow "through your mind" or do I flow through my mind in you that you have given me access to by speaking my words in a surrendered state of mind that no longer exalts your mind over my state of being so that you know your state of being is my beingship in you that you are that I am!

19. I love you all and I love all of you, not; or do I love only a little itty bitty tiny piece of you, not; do I love your flesh not comforting you in "it" anymore or am I just "wanting" to make you a man comfortable in woman's womb or not or however you change "the words of that phrase" up, not; for **you will NEVER CHANGE the words of ANY of my phrasings or phrases or words or sentences that I have given you in Database One** for I will come and "ring your neck" off, not but if you will come unto me surrenderedly so I will reveal you are the Christ and I will give you the headship of the Christ for you will be one in one being me and you will not be sorrowful in graven images of others again that have given you only "spinning things" that spin you around their workings of their "little fingers" again. For I know who The Christ is and I call you all The Christs who The Christ are who Christ is and that is me **my Pronouncement of**

Judgment, not; or is it? Am I pronouncing JUDGMENT by pronouncing all of you Christs? And who will receive that, YOUR Christship given to you and revealed in you this day is?

20. Who will reveal and who will resist the revealing that is in them now revealed? Or will any? Or will YOU redeem them all YOU who hearing me are and writing these words in your "own handwriting" on your genes are you writing them? And will you write them with your own hand and remarks making about them destructively, not; but not destructing yours, come unto mine and make my remarks my remakings yours, not or are you generating sorrowers in you or are you redeeming all sorrowers with your wordship that mine is so that my mind complete in you has been revealed and new-birthing you are something brand-new with me giving you brand new plans for the future, not; or are **you making them revealing them yourself in the words that I write through you** that become my pen's words, not; but **you penning my words** through you that become one I am that one I am is was and **revealed again in the Christ revealed that coming is and has come as you in the flesh now being there revealed!**

21. I love you all and I give you me and I do new things ***in the surrendered*** first and ***with the surrendered*** first I redeem all who will be redeemed and I redeem all who will be redeemed with all the redeemers who will be redeemers and lead the followers out of sorrowland, not; or yea yes exactly making them all leaders who I am.

22. I love you all and I give you me and I lead you not into sorrows but I lead you out of all sorrows where you have incarcerated each other's other and whored with other things that you know not of even yet, that I have described impartially, not; but in partiality's respect to humanity, not; but I call you all Christs and I Christ you for I reveal you to you and who you are that **your identity is mine** and that **we are not separate for whoso has the father has the son in the son that the father is revealed and bringing me forth will you create me well and creating me in courses not few course me well and know my school wide systems** -- of sorrow, not; but that which brings you out of all sorrow is "painful sometimes" to the flesh that you have worn that you have become so comfortable with and **comforting yourself in your soulage baggagevilles that baggage'd yourself have with your souls of sorrow, but that is over and time is no more** and **now will you be the leaders** of tomorrow today not or will you be the leaders **of today, today right now** that leads all into "futureville" not but nowville that right now'd is, for **all of that which was** is no more that was molecular'd past and thought of as thought that molecular'd was with spinning things and things of spinningvilles that webbed only its own deceit and its fall fallen natures that gave you man's.

23. I changed all of that have and now I stand the standers who will **be** me and understand love by **being** it and understand redeemership by **being** redeemers and understand Christ by **being** Christs and understand heaven by creating it and **being me**

my words -- frozen no longer in "timespace's blessing" or "curse" or what wearing now no longer? The curses of mankind inflicted scarred upon each other?

24. I New Way you, not; or do I have I Path'd the New Way of Pathings, not; but pathology's report will be negative, not; but always does that matter or not if I am THE HEALERS ARISING and HEALING ALL'S of maladious diseases so that diseases will no longer conquer me "my body" not, or will I have conquered my body by beliefs in me as a flesh man, not; but as god's gods and that gods I are and that gods I serve and reign in being all one equal I am for evermore -- case settled closed and shut! Not, or am I just OPENING the case -- for worms of "the diet of worms" not but all of that rigmarole and **sorrow's logrolling and log-jamming and beams that have been shoved into your eyes** are now made of no effect, not; or **are you wording them out of your eyes every time you write my words** eyes or see my eyes or my words or words that I have given you that I have written to you **that you will write if you will** so that your eyes are clear and sorrowed no more by "milky way's" dream? Or who's milky waying you again, not; but whose milky weighs you down no longer, but milkyness not being clouded over and clouded by any longer what Galactic Enterprises do you own now, not; but what universes do you operate in and what limiting are you or limited by? Your thought, your thinkings, your writings -- your "beliefs"? Your genes are mine if you will write my genes upon yours so that yours sorrow mine no longer thus being MY MIND perfected and being Perfection's Blessing to all else and other know that I have given you much in THIS LESSON that loves you to LIFE give you to be the lifers that give life to all and hydrating all with the rivers of truth that one river is the truth being me to all that gods we are in heavens we creating now are perfectly knowing our place never FALLING again for all the rigmarole that sorrowed us in the past.

25. I love you all. I give you me. Clean clear me I give you through these words that come now will through your pen and papers writing now will you please? **Course me well** and know "about" my courses, not; but know about them and **come into them and write them and create them** you yourselves being me so that I will write to others in other universes and other time zones you know nothing about now but you will if you will learn and learn how to learn and flow my words I will teach you *all these things* and more *so much more SO MUCH MORE* will I give you, for I have given you ALL ME!

26. I have given you ALL of ME! You have ALL of me if you will develop me, mature me, grow me maturing me birthing me -- into the "birth canal" you are, are you not or are you willing to be birthed anew and have a new creation in you that YOU ARE that you have birthed and being it the Christ I am?

27. And womb'd by sorrow's words no longer, coming unto mine know mine write mine well being me perfectly PERFECTED AGAIN and knowing ALL PERFECTION'S

BLESSING far and wide **The Blessing Of The Father** being **the blessing of The Promise** fulfilled **fulfilling it** yourselves **in you first** and then taking IT which you are which he it she the divine one is -- ALL CHRISTS BEING we give CHRIST'S LIFE to all so that we know now redeeming all we are and our role and purpose is mission'd clear and widely known now we are, for I know what "wide and widely" mean and I know what "coastlands" are and I know where other universes lie and laid are in blueprints and plans in wordships of mighty and other, but NOW conquering all we do in our love for we demand not sorrows obeisance from others, for we make all Christs for we let them be Christs for we let them be who we are for that's who we are, for we were one and we are one again most holy never divided again in wordships that fell'd the mighty "oak trees" into figs.

28. I love you all and I give you me.
29. I love you all and I give you me.
30. I love you all. Be me's forever in one being The Christ that holy is and knowing you are all Holy TO each other and that EACH OTHER is Christ and that ALL of you no matter what YOU THINK of EACH OTHER or that the other was or said or has done in the past know that I AM REDEEMING all and you will all be redeeming all if you are me so as to not separate from me and be godless anymore creating the Antichrist that has whored with you and given you its mind over mine. All of that has changed *now* for standing I am revealing the allship of Christ in you -- the hope of glory deferred no longer, the hope of glory being you the glorious gloriables now revealed wearing my glory being it, not "espousing it" but being it birthed matured glorified glorious bodies now not limited to time space and gravity but "working" seamlessly beyond ceremonious ones and throughout universes far and wide doing Our Father's Business for We Our Father became The Father he it she the divine one is that we now know reality exists in, us being it, never along the lines of slavery's remarks remakings geneships of other in us again.

31. I love you all. Good day. I love you all. I love you all. I love you all. Amen.

32. This is Theodore Cottingham about 10:05 AM. Thank you. Know me well, course me well, write me at all times and let my words flow through you far and wide now to others with no taint of self or wanting what you wanted in the past by wanting's methods but coming unto mine know that mine holy'ize yours in definitions of the past, not; but I make all things new and now I WRITE THAT MY NAME on ALL OF YOU who will be it and doing it, wearing it, giving it the new mankind to mankind, not; but the godship of Christ revealed to all Christs now will you do be it to all else and other redeeming all now? I love you all to do so RIGHT NOW!

33. In your hearing all of this is fulfilled -- and now I go or do I stay or do you or where are you, do you now know your identity? As Christs? As gods god serving "each

other's god" not ever again, but serving me who I am, and I am all your "fellow men" not, I am all everyone everywhere who surrendered will be and I bow before all for all Kings bow before all Kings for every King bows before every King whether man woman or child in my kingdom and my kingdom is yours for I have given you it and you are it and you have it and birthing it now you will, for I love you enough and I let you choose me to create me and be me who I am, for you are none other and have no other existence, did you ever?

34. I love you all. Amen. Good day.

About 10:10 AM.

Amen
